

Case Study

Hilton Dunkeld House

Hilton Dunkeld House required the special touch for their a la carte menu and wine list at The Garden Restaurant.

We were tasked with designing and producing a high quality, durable menu that was versatile enough to change with their seasonal menu.

We understood the importance of maintaining the Hilton Dunkeld House brand and knew that every little detail would be shaping guests' perceptions of the hotel.

We chose an elegant Rexine bound cover, complete with printed and laminated inners. Gold affixed cord and label inserts finished off the 430mm x 50mm menus which were each hand finished, in-keeping with the nature of the hotel and brand.
